

SALEM TOWNSHIP

BASELINE WELL WATER TESTING

Available at no cost to Salem Township residents with private well water

This program gives Salem Township residents an opportunity to document the current condition of their well water and establish a baseline record for their property.

CHOOSE ANY OF THESE THREE TESTING COMPANIES

ALTEST ENVIRONMENTAL

570-239-7086

PHOENIX WATER & WASTEWATER
OPERATIONS

570-854-4113

HAWK MOUNTAIN LABS, INC.

570-455-6011

HOW IT WORKS

- 1 Choose the testing company you would like to use.
- 2 Call the company directly and tell them you are a Salem Township resident.
- 3 Ask for a **4-3 Glennbrook Group baseline water test**.
- 4 The testing company will coordinate the testing process with you.
- 5 The testing company will bill **4-3 Glennbrook Group** directly.

WHEN YOU CALL, SIMPLY SAY:

"I am a Salem Township resident calling for a 4-3 Glennbrook Group baseline water test."

WHY ESTABLISH A BASELINE?

A baseline water test creates a record of your well water quality at the time of testing. This provides documentation of existing conditions for your private well and property.

NO COST TO THE RESIDENT

Baseline testing provided through this program will be paid for by 4-3 Glennbrook Group.
